A TOUCH OF NATURAL LUXURY™

COTTON & SILK AND COTTON & WOOL BLEND BATTING

The Cotton Blossom Brand by Mountain Mist® brings a TOUCH OF NATURAL LUXURY™ to the art of quilting. 95% Cotton / 5% Wool Blend, along with 95% Cotton / 5% Silk Blend, mixes new favorite luxury fibers with cotton, the fiber that has been loved by quilters for generations. Now you're able to incorporate luxurious NATURAL fiber blends into the historic tradition of quilting. Stitch by hand or machine up to 3" intervals.

COTTON & SILK BLEND BATTING

CG0287	120	45" x 60"	Crib
CG0288	121	72" x 90"	Twin
CG0289	122	81" x 96"	Full

CG2029	601	36" x 45"	Craft

FATT BATT BATTING 100% POLYESTER

This extra lofty batting is very soft, which enhances drapeability. It is perfect for comforters, outerwear, trapunto and many other craft projects. A bonded finish permits easy handling and inhibits fiber migration. Suitable for machine quilting and tied quilts.

Quilt up to 4" apart. Heavy weight, 1/2"–5/8" thick.

CG2035	206	45" x 60"	Crib
CG2036	207	90" x 108"	Queen

DESIGNERS CHOICE BATTING 100% POLYESTER

Designers Choice is an economical line of filler products. The batting is made with a state of the art process that creates a very durable batt with little or no fiber migration. This medium weight batting is excellent for a variety of quilt and craft projects. Excellent for hand, machine and tied quilts.

Quilt up to 5" apart. Medium weight, 1/4"–3/8" thick.

CG2052	230	45" x 60"	Crib
CG2053	232	81" x 96"	Full
CG2054	233	90" x 108"	Queen

SUPER FLUFF® HIGH LOFT 100% POLYESTER BATTING

The same great Super Fluff® fiber in a comforter style quilt batt. Twice the weight for twice the warmth. Suitable for machine quilting and tied quilts.

Quilt up to 5" intervals.

CG0259	620	55" x 30 yd	Low Loft Roll Batting	3/8" thick
CG0260	621	110" x 15 yd	Low Loft Roll Batting	3/8" thick
CG0041	622	50" x 30 yd	Std. Loft Roll Batting	5/8" thick
CG0261	623	110" x 15 yd	Std. Loft Roll Batting	5/8" thick
CG0258	624	50" x 20 yd	Med. Loft Roll Batting	3/4" - 7/8" thick
CG0012	625	50" x 18 yd	High Loft Roll Batting	1" to 1 1/4" thick

COMFORTLOFT® POLYESTER BATTING

Comfortloft® has many of the same characteristics as Designers' Choice available in roll form. The batting adheres to itself allowing it to be stacked or layered without shifting or sliding. Comfortloft® is wonderful for a variety of quilted projects and terrific for longarm quilting. Excellent for hand, machine and tied quilts.

Quilt up to 5" apart. Medium weight, 1/4" - 3/8" thick.

CG2055	610	45" x 30 yd	Roll Batting
CG2056	611	90" x 25 yd	Roll Batting

WHITE ROSE 100% COTTON NEEDLEPUNCH BATTING "SOFT AS A ROSE PETAL"

Needled 100% bleached cotton batting made with an innovative fiber finish for easy stitching and needle glide, very advantageous for longarm machine quilting. White Rose brightens white and light colored fabrics and will not migrate or beard through quilt surface. White Rose is soft and drapeable in the finished project.

Quilt up to 6" intervals. Light weight, 1/8" thick.

CG2057	671	90" x 25yd	Roll Batting
CG2058	672	102" x 25yd	Roll Batting

CREAM ROSE 100% COTTON NEEDLEPUNCH BATTING "SOFT AS A ROSE PETAL"

Needled 100% unbleached cotton batting made with an innovative fiber finish for easy stitching and needle glide. The "Roses" behave when used on a longarm machine as well as for hand stitching. Cream Rose is washed fiber that will leave no oily residue and will not migrate or beard through quilt surface. Cream Rose is soft and drapeable in the finished project.

Quilt up to 6" intervals. Light weight, 1/8" thick.

CG2059	681	90" x 25yd	Roll Batting
CG2060	682	102" x 25yd	Roll Batting

GOLD 50% COTTON / 50% POLYESTER BATTING DESIGNED FOR MACHINE QUILTING

Gold is specially made for long arm and home sewing machines. Quilts will have the look and feel of cotton blended with the lightness and durability of polyester. The unique fiber blend offers the best of both worlds and is needlepunched with light bonding for added strength.

Quilt up to 5" intervals. Light weight, 1/8" - 1/4" thick.

CG0271	613	48" x 30yd	Roll Batting
CG0272	614	96" x 30yd	Roll Batting
CG0273	615	120" x 25yd	Roll Batting

Rolls 90" wide or wider are double folded.

SMART FOAM HI-DENSITY POLYESTER CUSHION

Smart Foam is constructed of 100% polyester using a patented process to produce an improved alternative to conventional foam items. Smart Foam is perfect for chair cushions, upholstery, outdoor furniture, boating, camping & recreational vehicles, crib accessories, interior design projects and more. Smart Foam is mildew resistant, non-allergenic, and flame resistant. It is also easy to use, washable and will not yellow or disintegrate over time.

Quilt up to 5" intervals. Medium loft, 3/8" - 1/2" thick.

CG0389	702	15" x 17" x 2"
CG0390	703	15" x 17" x 3"
CG0391	704	22" x 22" x 2"
CG0392	705	22" x 22" x 4"
CG0393	706	27" x 5 yds x 2" Bulk

Mountain Mist

www.mountainmistcrafts.com

All Mountain Mist and Super Fluff batting products are ready to use. Pre-washing is not necessary or recommended. Cotton and cotton blend batting products may shrink up to 2%. The cotton fiber is bleached and/or treated before manufacturing. Polyester fiber is inherently non-allergenic and washable. Once a quilt is completed within the recommended quilting intervals, it can be gently laundered by hand or washing machine and dried in a dryer on low heat.

MAKE THE RESPONSIBLE CHOICE BY CHOOSING ECOCRAFT™ ECO-FRIENDLY™ FIBERFILL, BATTING AND PILLOWFORMS BY MOUNTAIN MIST®

The man-made environmentally friendly, naturally based craft fibers EcoCraft™ offers the performance of synthetics and the peace-of-mind of natural materials. We now have the ability to create and sell products from plant materials, an abundant renewable resource grown in the USA, using significantly less fossil fuel and resources. Sugars are extracted and then converted, through a patented process, into a synthetic polymer called polylactide (PLA for short). It will not attract insects and acts like synthetic fiber, however it is a breathable fiber compared with other synthetics. EcoCraft™ batting is available in 100% PLA and a 50% cotton blend and can be quilted up to 4" intervals. Eco-Friendly laundering: cold water wash, lay flat to dry.
